RIDER EDUCATION

Fall Riding

Fall is here along with some beautiful riding weather and scenery. But the Fall season also brings a few things to look out for while out on the roads.

- Check your tire pressure regularly. The difference in air temperatures can affect the pressure in your tires.
- Keep windshield and visors clean to reduce the glare from the Sun as it rises later and sets earlier.

- Watch out for animals. They are getting ready for Winter mating, storing food, and just moving around more.
- As soon as the first frost occurs,

leaves will be falling.  They are pretty to look at, but on the road they can be hazardous by reducing traction, especially in curves.

- The temperature can fall quickly when the sun goes down. Be

ready with a jacket or additional layers of clothing, chaps, etc.

- Have you thought about the coolant in your bike's radiator? It used to be called anti-freeze. Although your bike probably won't sit out in freezing weather, this is a good time to check it and replace if needed.

As always, the better you prepared you are, the more you are going to enjoy your ride.

Take care and ride safe.

Congratulations to Ivan and Phyllis for winning the free dinners at the next meeting.

From the Sunshine Lady

HAPPY HALLOWEEN

Hey, I know it's the month for Halloween and usually you go around scaring everyone, but this year why not really scare everyone and be nice. Just tell everyone you love them and wish them health and happiness.

HAPPY BIRTHDAY

- 10/10 Mary (server)
10/22 Colleen Hutson
11/13 Debbie Wible

Anniversaries

Cathi & Clint Hancock

I know Cathi and Clint are not with us physically anymore (and we miss them) but they will always be with us in spirit.

I wish you enough . . .

I wish you enough sun to keep your attitude bright.

I wish you enough rain to appreciate the sun more.

I wish you enough happiness to keep your spirit alive.

I wish you enough pain so that the smallest joys in life appear much bigger.

I wish you enough gain to satisfy your wanting.

I wish you enough loss to appreciate all that you possess.

I wish you enough hellos to get you through the final goodbyes.
